

Conference "Stardust - Asteroids and Space Debris"

Monday, 31 October 2016 - Thursday, 3 November 2016

ESTEC

Scientific Programme

Confirmed Symposia:

Re-entry Analysis and Design for Demise - University of Strathclyde

Asteroids - Astronomical Observatory of Belgrade

Space Robotics for Asteroid Exploration and Debris Mitigation/Remediation - German Research Centre for Artificial Intelligence (DFKI)

Active and Passive Debris Removal - Dinamica

Resonances and Chaos in Earth's Orbit - Consiglio Nazionale delle Ricerche & Università di Roma Tor Vergata

Orbit and Uncertainty Propagation - Institut de Mécanique Céleste et de Calcul des Ephémérides (IMCCE)

Mathematical Formulations for Orbit Determination and Modelling - Universidad Politécnica de Madrid & Università di Pisa

Missions to Asteroids & Asteroid Manipulation Technologies - University of Strathclyde, Deimos, ESA, University of Southampton
