

# 9th Geant4 Space Users' Workshop

## Monday, 4 March 2013

### Space missions, instruments & detectors II (14:20 - 15:20)

time	[id] title	presenter
14:20	[13] Radiation noise modelling and mitigation techniques for low-energy particle sensors in planetary radiation belts	Dr ANDRE, Nicolas
14:40	[26] Experimental Verification of the Soft Proton Small Angle Reflection Process on X-Ray Mirror Shells	Mr DIEBOLD, Sebastian
15:00	[18] Geant4-based simulations of microdosimetric data for high charge and energy particles	Mr BURIGO, Lucas
