

→ WORKSHOP

DIALOGUE WITH THE EUROPEAN SPACE INDUSTRY

Highlighting the stakes for the European space community, to update ESA's CSR policy

→ WHAT IS THIS ALL ABOUT?

On
25/10/2018

At ESA-ESTEC
(The Netherlands)

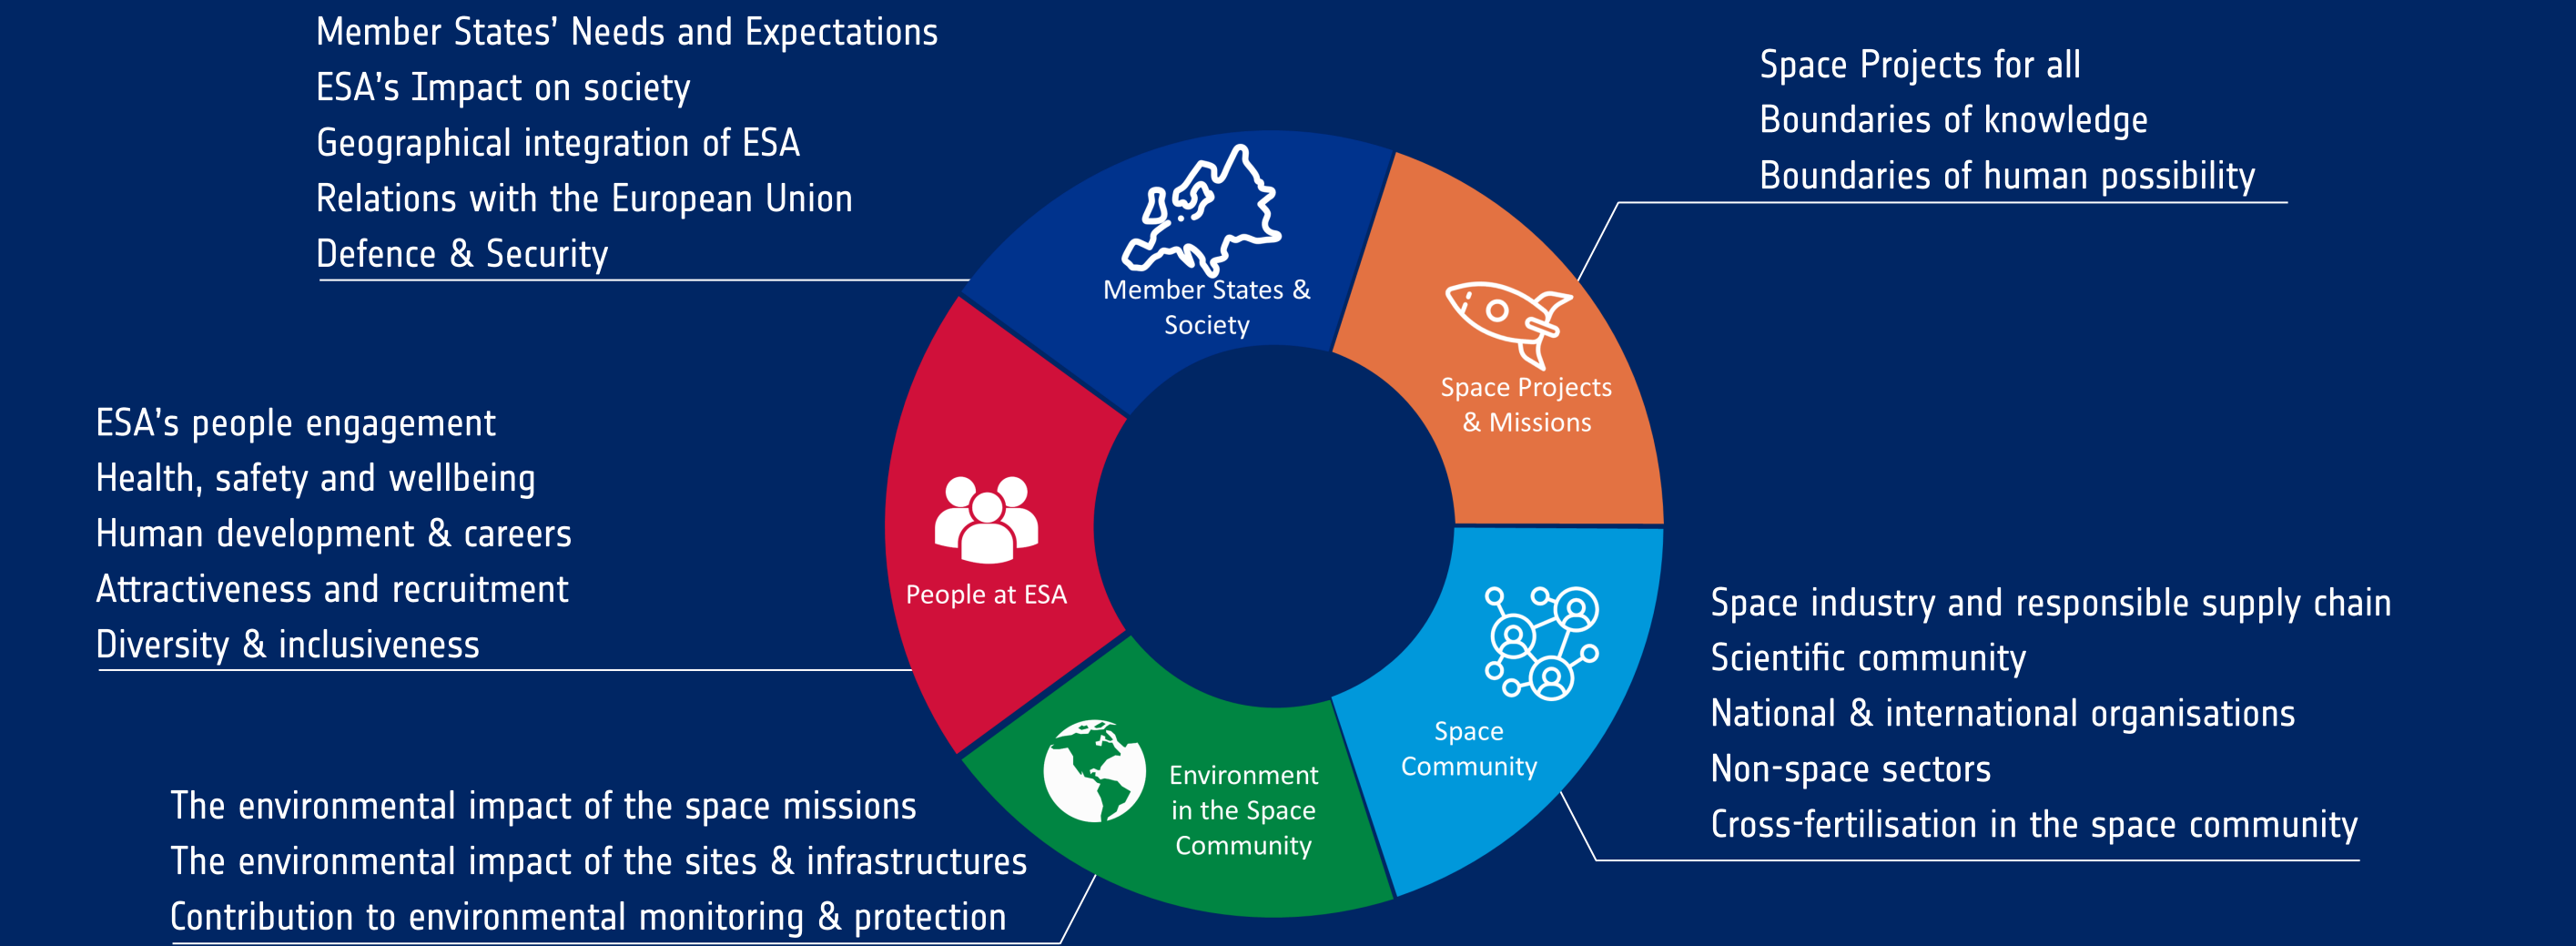

ESA organised
a workshop

Gathering together

15 Representatives of **8** Organisations of the European Space Sector

To generate Ideas on CSR

And enhance ESA's CSR management approach with 5 supporting pillars:

→ A VISION FOR THE ENTIRE EUROPEAN SPACE SECTOR

ESA is here to promote enhanced sustainability via 3 working areas

- Cooperation for sustainability**

 - Sharing best practices
 - Sharing knowledge
 - Sharing purpose
- Responsible supply chain**

 - Embracing global and new challenges
 - Sustainable development of society
 - Transparency and ethics
- Improving European space sector image among the public and Member States**

 - Education and awareness
 - Inspire the public and future talents
 - Recognition

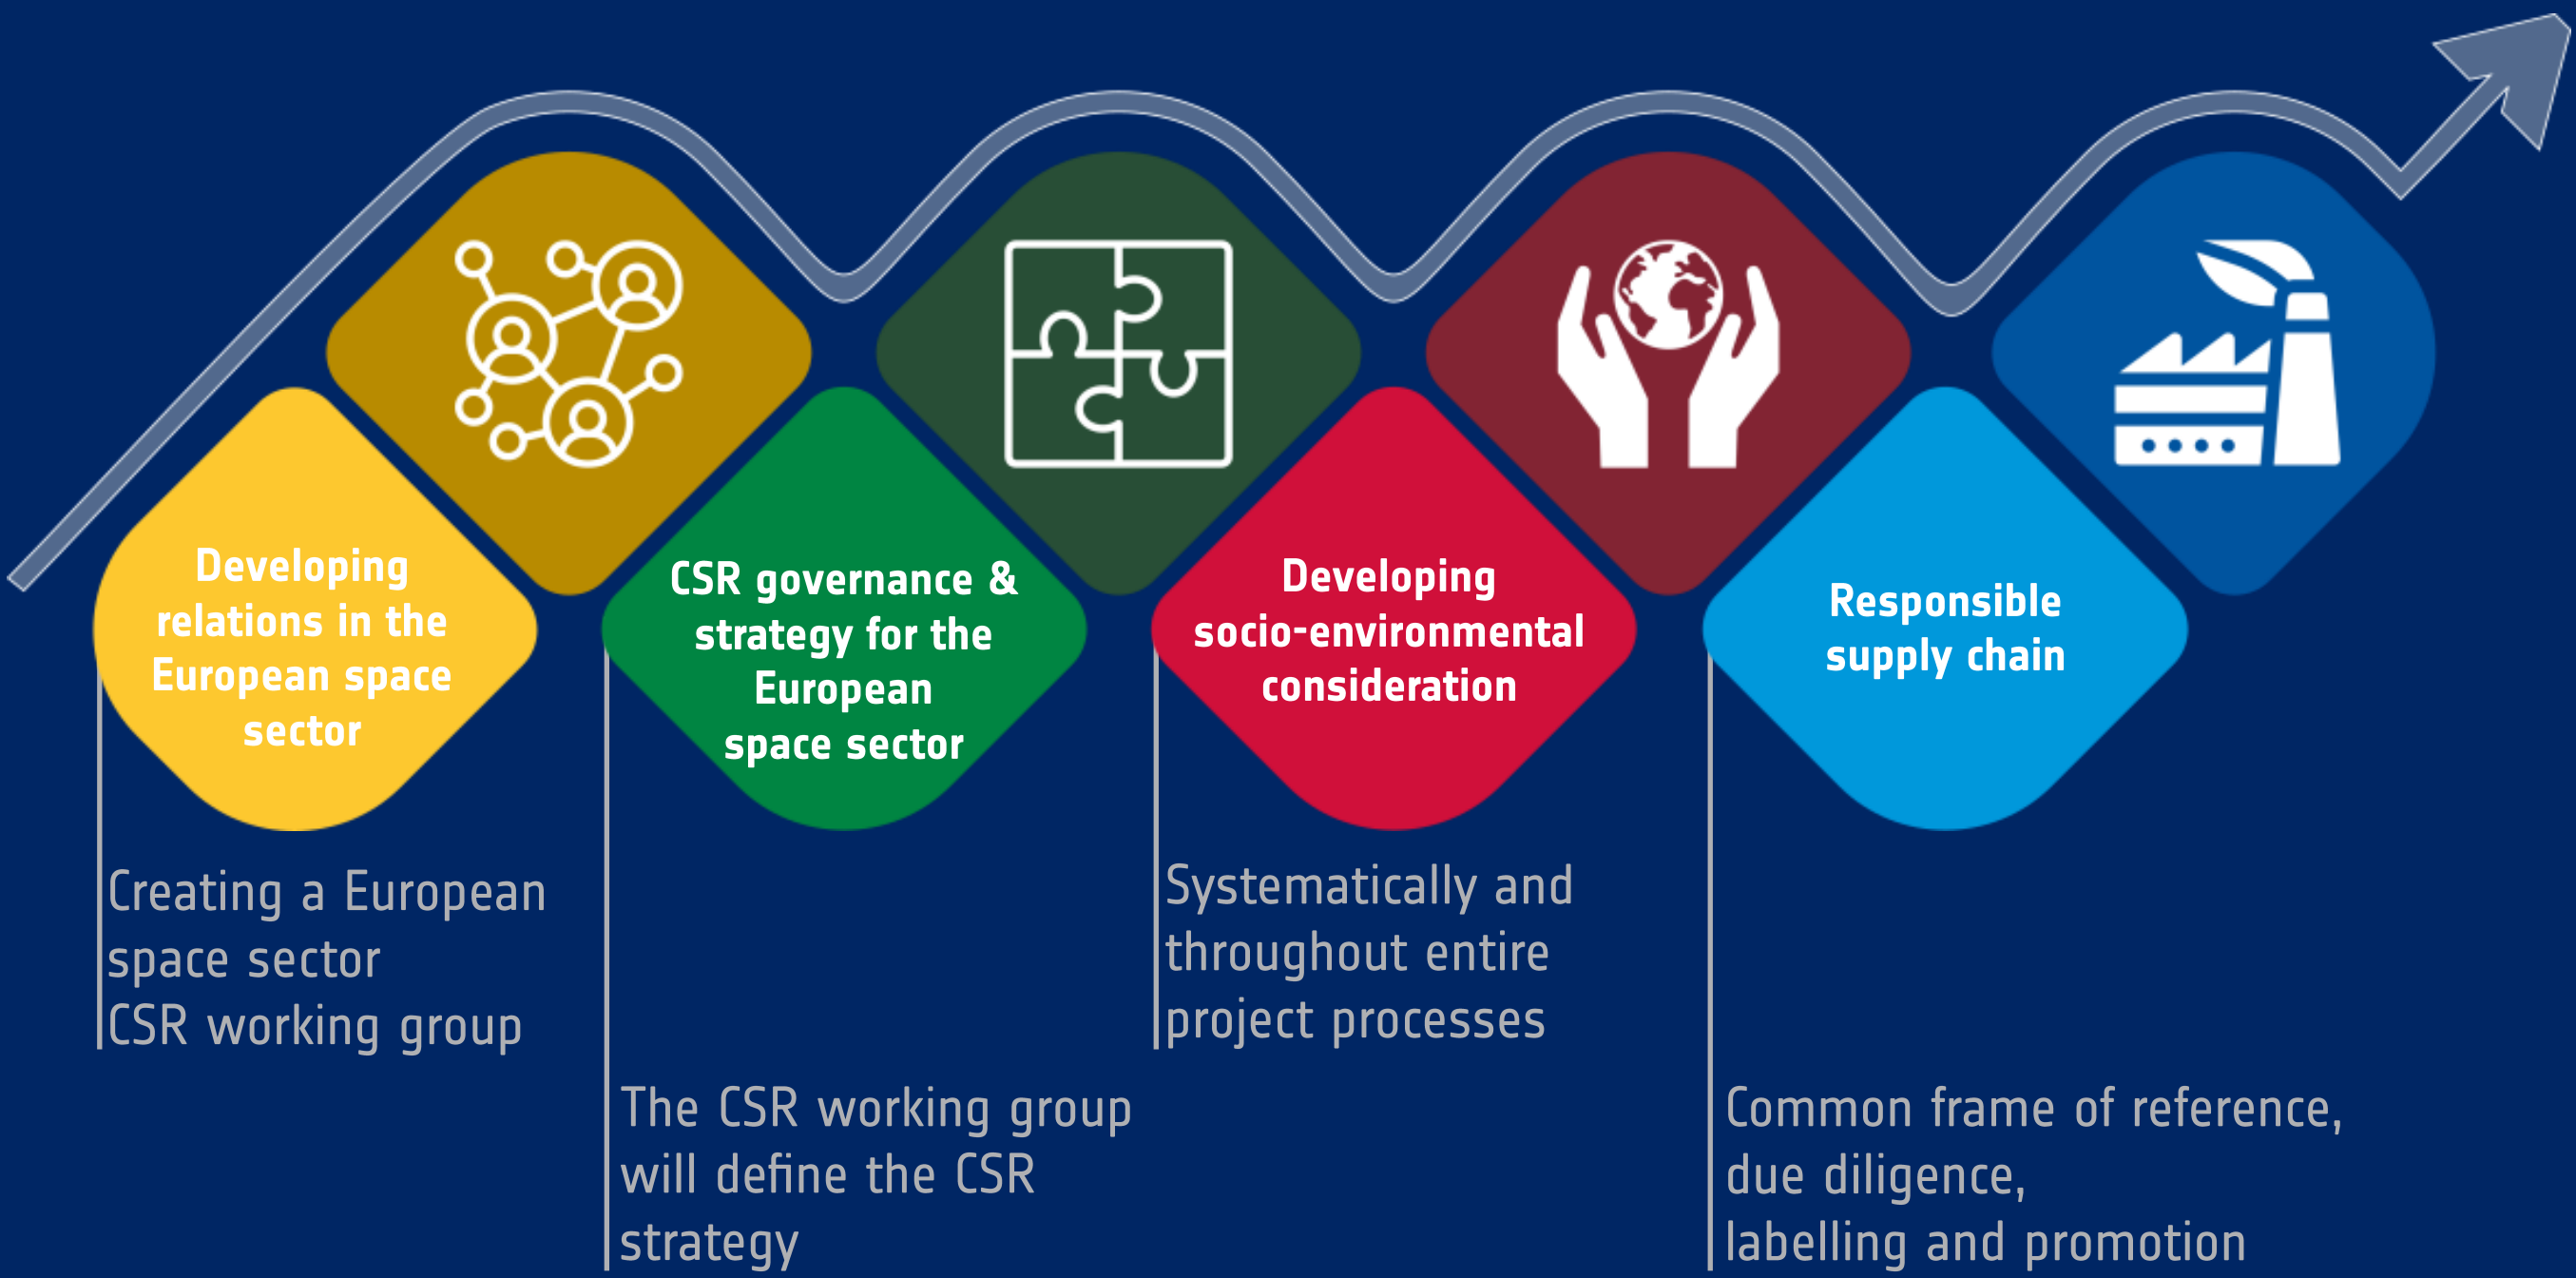

→ THERE IS NOTHING BETTER THAN A GREAT LIGHTHOUSE PROJECT

To implement new ways of working

→ AND SO, WHAT'S NEXT?

ESA coordinating the efforts on the path to sustainability

→ A QUESTION? A REMARK? AN IDEA?
