## Tuesday, 25 May 2021

### Radiation-hardened technologies for analogue ICs: Radiation-hardened technologies for analogue and mixed-signal ICs

(15:00 - 16:50)

time	[id] title	presenter
15:00	[16] ESCC Capability Approval of a Mixed-Signal ASIC Supply Chain	Mr STEINKAMP, Jan
15:25	[24] Applicability of FinFET Technologies for Space Applications	ALEXANDRESCU, Dan
15:50	[26] Integrated supply chain for Power IC in BCD6s SOI for ASIC and ASSP	Mr BRUNET, Thibault
16:10	Coffee Break	
16:30	[41] ATMX150RHA : MICROCHIP Qualified Radiation-hardened technology for analogue and mixed-signal ICs	CHARPENTIER, Pascale
