

European Space Thermal Engineering Workshop 2019

Wednesday 9 October 2019

Small Satellites and CubeSats / Analysis - Newton 2 (14:00 - 16:00)

-Conveners: **Philipp Hager**

time	[id] title	presenter
14:00	[7] A Modular Approach to Thermal Modelling of CubeSats in ESATAN-TMS	Mr TE NIJENHUIS, Arne
14:30	[8] Modular Parallel Micro Pump for Adaptive Thermal Control of CubeSats	VAN DEN BERG, Ramon
15:00	[55] Radiative Surface Properties of a Trihedral Array for Lunar Thermal Control Applications	Dr BUTLER, Colin
15:30	[6] The Application of a Thermal Mathematical Model during Lander Operations on the surfaces of Small Bodies	Mr MAIBAUM, Michael
