

# AMICSA 2022

## Thursday, 2 June 2022

### Space Applications for analogue and mixed-Signal ICs: Applications (11:30 - 12:55)

time	[id] title	presenter
11:30	[3] Performances of LIROC with SiPM: a Rad-Hard Front-End ASIC for Space LIDAR	MORENAS, Maxime
12:00	[16] 100/1000Mbps Space-Qualified PHY for TTEthernet Data Network in Gateway	Mr GANRY, Nicolas Mr LAMPL, Thomas
12:30	[18] A Mixed-Signal, Single Event Upset Tolerant Analog Front-End IC for Redundant Electromechanical Actuator Applications.	SPANOCHE, Sorin
