## Friday, 30 June 2023

**Workshop 6 - Innovative Aerodynamic Surfaces: Welcome and Introduction of topic - Newton 1 (14:00 - 14:30)**

**Workshop 6 - Innovative Aerodynamic Surfaces: Presentations by industry, institutes, academia - Newton 1 (14:30 - 15:00)**

time	[id] title	presenter
14:30	[176] Aerodynamic Control Surfaces For High Angle Of Attack Descents	HANTZ, Christian
14:45	[177] Variable geometry subsystems & nature inspired aerostructures	NEWSAM, Mike

**Workshop 6 - Innovative Aerodynamic Surfaces: White paper discussion - Newton 1 (15:00 - 15:50)**

**Workshop 6 - Innovative Aerodynamic Surfaces: Discussion summary - Newton 1 (15:50 - 16:00)**
