

Space Radiation and Plasma Monitoring Workshop 2014

Tuesday, 13 May 2014

Radiation Monitoring Data Exploitation - Newton (15:40 - 17:30)

time	[id] title	presenter
15:40	[15] Energetic particle telescope data exploitation	Mr NIEMINEN, Petteri
16:05	[2] Compact payload SATRAM on-board Proba-V satellite for radiation monitoring in open space with quantum and directional sensitivity based on the pixel detector Timepix	Dr GRANJA, Carlos
16:30	[5] Solar energetic particles measured by PAMELA	Dr BRUNO, Alessandro
16:55	[27] Alphasat TDP-8 MFS Particle Spectrometer Data Analysis: Towards a MFS Geant4 simulation of the flight model and flight data analysis	Mrs ARRUDA, Luisa
