

# 10th International Workshop on Radiation of High Temperature Gases for Space Missions

**Monday, 9 September 2024 - Thursday, 12 September 2024**

**University Oxford**

## Scientific Programme

**State to state and Collisional Radiative Modelling**

**ablative-radiative TPS and Meteors**

**Plasma facilities, simulations and diagnostics**

**EDL instrumentation**

**Radiation modeling and simulation**

**High speed facilities, flight testing and propulsion**

**Planetary missions**
