

8th International Workshop on Retrieval of Bio- & Geo-physical Parameters from SAR Data for Land Applications

Friday, 17 November 2023

Forestry IV: TomoSAR applications (11:00 - 12:00)

-Conveners: Ludovic Villard; Matteo Pardini

time	[id] title	presenter
11:00	[89] Characterization of tropical forests using parametric SAR tomography: preparation of the upcoming ESA BIOMASS mission	BOU, Pierre-Antoine
11:20	[69] Multi-Wavelength Mono- And Bi-Static Phenomenological Analysis of the Kermeter Temperate forest: Results From The Tomosense Campaign	TEBALDINI, Stefano
11:40	[72] Performance of PolTomoSAR imaging for tropical forest characterization in the BIOMASS configuration	FERRO-FAMIL, Laurent
