Experimental Data and Numerical Simulations - Newton (09:35 - 10:35)

time	[id] title	presenter
09:35	[23] Re-entry demise investigation of critical CubeSat components in plasma wind tunnel experiments	KAISER, Clemens
09:55	[26] Thermite-for-Demise (T4D): Experiments and numerical modelling on solar array drive mechanism mock-ups containing thermite in an arc-heated wind tunnel	FINAZZI, Alessandro
10:15	[25] Demise study of miniaturized and representative Composite Overwrapped Pressure Vessels (COPV): Plasmatron experimental testing and high-fidelity simulations	SCHROOYEN, Pierre
