The Agreement will only come into force when the Sponsor and/or Exhibitor receive confirmation of their reservation, after payment of the appropriate fee for their type of participation at the Event.

### Registration, Payment and Cancellation

All invoices are due immediately (payment term: 10 business days) and in full prior to the start of the event. If the exhibition rent is not received by the deadline, the exhibitor, without prejudice to the continuation of their payment obligation, loses the right to participate in the exhibition. In the event of late payment, default interest at a rate of 3.5% above the discount rate set by the Federal Reserve Bank will be charged.

Purchase orders are not accepted.

The basis for sponsorship or exhibition participation is the registration with the form sheet, not with sponsorship contracts by sponsor and/or exhibitor. However, the Sponsor and/or Exhibitor may cancel its registration for the event if it informs PZG Organisation Zietemann GmbH before March 28, 2024 at the address specified in the “Contact” section of the platform, in order to receive a 50% refund of the price paid. No refunds will be made after this date.

### Booth design

The exhibition management (TESAT-Spacecom GmbH & Co. KG) is responsible for the allocation of booth spaces. Walls or other booth structures are not provided, except a presentation wall. The maximum booth height is 250 cm unless otherwise stated. The design of a booth must not obstruct the view or accessibility of neighbouring booths. End booths must be open on 3 sides, corner booths on 2 sides, and provide unobstructed visibility. All materials must be flame-retardant. A corresponding certificate may be requested on-site. Moving advertising and presentations at the booth (light and sound) require approval (in writing). Approval will only be granted if other exhibitors are not affected.
