

European Space Thermal Engineering Workshop 2024

Wednesday, 9 October 2024

Thermal for surface missions - Einstein (14:00 - 16:00)

-Conveners: Philipp Hager

time	[id] title	presenter
14:00	[66] Design of an Actively Shuttered Dust-Resilient Radiator for Lunar Applications	IGLESIAS, Angel
14:30	[50] Thermal challenges in the deployment of an Environmental Network on the Mars Surface through miniature probes.	GONZALO, Alejandro
15:00	[27] Design Improvements on the Active Thermal Switch	FLECHT, Tobias
