

CCSDS EDS Pink Sheet Interoperability and Tooling

Presentation Days
June 2024

- Budget: 100 kEuro
- Duration: 6 Months
- Prime: CGI
- Main Objectives:
 1. Upgrade the ESA reference tooling for EDS to comply with the SEDS Pink Sheets which is under CCSDS approval, including all the documentation.
 2. Perform SEDS Pink Sheets interoperability tests in a close cooperation with NASA.
 3. Provide any necessary documentation to support CCSDS approval of the SEDS Pink Sheets, including but not limited to the interoperability test report and final updates of the SEDS Pink Sheets Blue Book.
