

2024 SECURITY FOR SPACE SYSTEMS (3S) CONFERENCE COPYRIGHT AND CONSENT FORM

TITLE OF PAPER/ARTICLE/REPORT, INCLUDING ALL CONTENT IN ANY FORM, FORMAT, OR MEDIA (hereinafter, “the Work”):

Secure Manufacturing for the Final Frontier:
An MAIT Cybersecurity Demonstrator for Space System Manufacturing

COMPLETE LIST OF AUTHORS:

Peter Hagström, Iason Somarakis, Sam Maesschalck, Matteo Merialdo

COPYRIGHT TRANSFER

1. The undersigned hereby assigns to The European Space Agency, (“ESA”) all rights under copyright that may exist in and to: (a) the above Work, including any revised or expanded derivative works submitted to the ESA by the undersigned based on the Work; and (b) any associated written or multimedia components or other enhancements accompanying the Work.

CONSENT AND RELEASE

2. The undersigned hereby warrants that the Work and Presentation (collectively, the “Materials”) are original and that he/she is the author of the Materials. To the extent the Materials incorporate text passages, figures, data, or other material from the works of others, the undersigned has obtained any necessary permissions. Where necessary, the undersigned has obtained all third-party permissions and consents to grant the assignment above and has provided copies of such permissions and consents to ESA. See reverse side for Retained Rights/Terms and Conditions, and Author Responsibilities.

GENERAL TERMS

- The undersigned represents that he/she has the power and authority to make and execute this assignment.
- The undersigned agrees to indemnify and hold harmless the ESA from any damage or expense that may arise in the event of a breach of any of the warranties set forth above.
- For jointly authored Works, all joint authors should sign, or the lead author should sign as authorized agent for the others.

(1) Peter Hagström

Author/Authorized Agent for Joint Authors Date

U.S. GOVERNMENT EMPLOYEE CERTIFICATION (WHERE APPLICABLE)

This will certify that all authors of the Work are U.S. government employees and prepared the Work on a subject within the scope of their official duties. As such, the Work is not subject to U.S. copyright protection.

(2) _____

Authorized Signature Date

(Authors who are U.S. government employees should also sign signature line (1) above to enable the ESA to claim and protect its copyright in international jurisdictions.)

CROWN COPYRIGHT CERTIFICATION (WHERE APPLICABLE)

This will certify that all authors of the Work are employees of the British or British Commonwealth Government and prepared the Work in connection with their official duties. As such, the Work is subject to Crown Copyright and is not assigned to the ESA as set forth in the first sentence of the Copyright Transfer Section above. The undersigned acknowledges, however, that the ESA has the right to publish, distribute and reprint the Work in all forms and media.

(3) _____

Authorized Signature Date

(Authors who are British or British Commonwealth Government employees should also sign line (1) above to indicate their acceptance of all terms other than the copyright transfer.)

2024 SECURITY FOR SPACE SYSTEMS (3S) CONFERENCE COPYRIGHT FORM *(continued)*

RETAINED RIGHTS/TERMS AND CONDITIONS

General

1. Authors/employers retain all proprietary rights in any process, procedure, or article of manufacture described in the Work.
2. Authors/employers may reproduce or authorize others to reproduce the Work, material extracted verbatim from the Work, or derivative works for the author's personal use or for company use, provided that the source is indicated, the copies are not used in any way that implies ESA endorsement of a product or service of any employer, and the copies themselves are not offered for sale.
3. In the case of a Work performed under a U.S. Government contract or grant, the ESA recognizes that the U.S. Government has royalty-free permission to reproduce all or portions of the Work, and to authorize others to do so, for official U.S. Government purposes only, if the contract/grant so requires.
4. Authors whose work was performed under a grant from a government funding agency are free to fulfill any deposit mandates from that funding agency.

Author Online Use

5. **Personal Servers.** Authors and/or their employers shall have the right to post the accepted version of Work on their own personal servers or the servers of their institutions or employers without permission from ESA, provided that the posted version includes a full citation to the original 2024 3S Conference publication, including a link to the 2024 3S Conference website.
6. **Classroom or Internal Training Use.** An author is expressly permitted to post any portion of the accepted version of the Work on the author's personal web site or the servers of the author's institution or company in connection with the author's teaching, training, or work responsibilities, provided that a full citation to the original 2024 3S Conference publication, including a link to the 2024 3S Conference website appears prominently with the posted material. Examples of permitted uses are lecture materials, course packs, e-reserves, conference presentations, or in-house training courses.

INFORMATION FOR AUTHORS

Author Responsibilities

It is the responsibility of the authors, not the ESA, to determine whether disclosure of their material requires the prior consent of other parties and, if so, to obtain it.

Author/Employer Rights

If you are employed and prepared the Work on a subject within the scope of your employment, the copyright in the Work belongs to your employer as a work-for-hire. In that case, the ESA assumes that when you sign this Form, you are authorized to do so by your employer and that your employer has consented to the transfer of copyright, to the representation and warranty of publication rights, and to all other terms and conditions of this Form. If such authorization and consent has not been given to you, an authorized representative of your employer should sign this Form as the Author.

ESA Copyright Ownership

The ESA requires ownership of the copyright of the Work so that it can publish the Work on the 2024 Security for Space Systems (3S) Conference website / proceedings.
