

EU-ESA Workshop on Size Determination of Potentially Hazardous Near-Earth Objects

Wednesday 13 November 2024

Miscellaneous observations of NEOs - Rooms H.IV, H.V and H.VI (13:00 - 14:40)

time	[id] title	presenter
13:00	[30] Stellar occultations for NEA high-accuracy astrometry and size determination	SOUAMI, Damya
13:25	[16] Asteroid size determination from photometric/spectroscopic observations at the IAC (REMOTE)	DE LEÓN, Julia
13:50	[20] ESA's Flyeye telescopes	FÖHRING, Dora Dr DOELLING, Ernesto
14:15	[17] Observations of NEOs with the TRAPPIST telescopes in support of size determination using polarimetry and radar.	PETRESCU, Elisabeth
