

# 18th ESA Workshop on Avionics, Data, Control and Software Systems ~ ADCSS2024

## Thursday 24 October 2024

### Security and Avionics - Newton Conference Center (14:00 - 17:30)

-Conveners: Antonios Atlasis; Ignacio Aguilar Sanchez

time	[id] title	presenter
14:00	[200] Threats and Security of future Avionics systems	ATLASIS, Antonios
14:30	[201] Challenges and Solutions in Embedded Security for Space Avionics: GMV's Perspective and Contributions	GONZALEZ ARJONA, David
15:00	[202] Post-Quantum Secure Boot for Space Infrastructures	JEHKONEN, Petri
15:30	Coffee Break	
16:00	[203] How electronic components can contribute to secure space systems?	PLANTIER, Jeremy
16:30	[204] NanoXplore FPGA - Security features	BROSSARD, Patrice
17:00	[205] Security Assesment at Flatsat (ESA Cubesat)	ROIIRON, Yohann
