

BepiColombo ESA/JAXA: Hermean Environment Working Group meeting

Monday, 21 October 2024

Boundaries and wave dynamics (15:50 - 17:10)

-Conveners: Daniel Schmid

time	[id] title	presenter
15:50	[12] Mercury's Mirror Modes?	VOLWERK, Martin
16:10	[13] A study of Mercury's magnetospheric boundaries with MESSENGER data	HOLLMAN, Daragh
16:30	[15] Investigation of the Low Latitude Boundary Layer (LLBL) in Mercury's Magnetosphere Using MESSENGER data	WANG, Xue
16:50	[16] First observations of whistler waves in the Hermean environment and impact on electrons	SAHRAOUI, Fouad
