

11th International Workshop on Radiation of High Temperature Gases for Space Missions

Monday, September 21, 2026 - Friday, September 25, 2026

Mola Di Bari

Scientific Program

State to state and Collisional Radiative Modelling

Ablative-Radiative TPS and Meteors

Plasma Facilities, Simulations and Diagnostics

Entry, Descent, and Landing Instrumentation

Radiation Modeling and Simulation

**High Speed Facilities, Flight Testing and
Propulsion**
