

## Session Program

3-5 Feb 2026

# ESA Space Weather Service Network Workshop 2026

## Validation and Benchmarking of Solar Forecast Products

ESOC  
Robert-Bosch-Strasse 5, 64293 Darmstadt, Germany

## Wednesday 4 February

11:30

### Validation and Benchmarking of Solar Forecast Products

Session | Location: ESOC, ROSIE room (HII-HIII)

11:30-11:35 **Welcome and Introduction**

**Speakers**

SHUKHOBODSKAIA, Daria, DELOUILLE, Veronique

11:35-11:55

### Assessing the reliability of solar flare forecast for human and robotic space exploration

**Speaker**

CAMPOREALE, Enrico

11:55-12:10

### Comparing performances of solar flux forecasts from operational centers

**Speaker**

YAYA, Philippe

12:10-12:25 **AI-Based Radio Burst Detection - Validation Results**

**Speaker**

TASSAN-DIN, Elisa

12:25-12:40 **Status of CME models for operational space weather forecasting**

**Speaker**

MAHARANA, Anwesha

12:40-13:00 **General Discussion**

13:00
