

## Session Program

17-19 Jun 2026

## ATD3 Workshop 2026

# Experimental capabilities and ground testing

Toulouse - Cité de l'Espace, Accueil  
Altair meeting room

# Thursday 18 June

16:00

## Experimental capabilities and ground testing

**Session** | **Location:** Toulouse - Cité de l'Espace, Accueil, Altaïr meeting room | **Conveners:**  
Aurora Saracini, Beatriz Jilete

16:00-16:18

### Demise Experiment on the Upcoming KREPE 3 atmospheric re-entry mission

**Speaker**

Alexandre Martin

16:18-16:36

### Preparing DRACO for Re-entry: VKI's Integrated Design, Testing, and Material Demise Assessment

**Speaker**

Dr Bernd Helber

16:36-16:54

### Space debris testing methodology in Plasma Wind tunnel for D4D tools validation

**Speaker**

Olivier Chazot

16:54-17:12

### KLARA: AN ARIANEGROUP-CNES INITIATIVE FOR MONITORING SATELLITE FRAGMENTATION.

**Speaker**

gregory pinaud

17:12-17:30

### Increasing Demise Through Design: Application of Shape Effects

**Speaker**

Ian Holbrough

17:40
