

6th International Workshop on Retrieval of Bio- & Geo-physical Parameters from SAR Data for Land Applications

Tuesday 17 November 2015

II - Soil and Hydrology (15:30 - 17:00)

time	[id] title	presenter
15:30	[19] A Multitemporal soil moisture retrieval algorithm applied to L-band radar data	Prof. PIERDICCA, Nazzareno
15:50	[11] Initial Results on Soil Moisture Retrieval from Sentinel-1 Data	Dr MATTIA, Francesco
16:10	[12] Detection of water bodies at global scale with Envisat ASAR: lessons learnt and recent achievements	Dr SANTORO, Maurizio
16:30	[35] Round Table on Soil & Hydrology
