Simulation and EGSE for Space Programmes (SESP2015)

Tuesday, 24 March 2015

Session 1: Model Based System Engineering - Newton Conference Centre (10:00 - 13:30)

   -Conveners: Jacques Busseuil

time	[id] title	presenter
10:00	[6] Integrated Solution for Rapid Development of Complex GNC Software	
10:30	[7] Model Based Design Environment for Launcher Upper Stage GNC Development	
11:00	[8] Secure Simulation in Collaborative Settings via a Functional Mockup Trust Center	
11:30	Coffee Break	
12:00	[9] System Concept Simulation for Concurrent Engineering	
12:30	[10] Concept of a Test Management System Based on Lessons Learned from ATV Test Campaigns	
13:00	[11] Virtual Reality in Satellite Integration and Testing
