

# Simulation and EGSE for Space Programmes (SESP2015)

## Thursday, 26 March 2015

### Session 8: Process Standards & Architectures - Newton Conference Centre (09:00 - 12:30)

-Conveners: Peter Fritzen

time	[id] title	presenter
09:00	[29] SMP2 Modelling using the K2 Simulation Infrastructure	
09:30	[30] Connecting MATLAB to the SMP2 Standard: Harmonizing New and Traditional Approaches for Automatic Model Transfer	
10:00	[31] Process Towards an Executable Engine Compliant with the Interoperable Test and Operation Procedure Language 70-32	
10:30	Coffee Break	
11:00	[32] Multi-Scheduler and Multi-Thread : Possible With SMP2?	
11:30	[33] MTG SVF: An Excellent Opportunity for Assessing the SMP2 Compatibilities	
12:00	[34] ESA-HMI Standardized Framework for Design Human-machine Interfaces
