

# Simulation and EGSE for Space Programmes (SESP2012)

## Wednesday, 26 September 2012

**Standardisation - Newton Conference Centre (14:00 - 16:00)**

-Conveners: Philip Fischer

time	[id] title	presenter
14:00	[22] Specifying Satellite Behavior for an Operational Simulator	
14:15	[23] Analysis of the Simulation Model Platform (SMP) Adoption in the Context of INPE Simulators	
14:30	[24] Model Based Standardization of a procedural Language: Conceptualization of the ECSS-E-ST-70-32	
15:00	[25] An ECSS-E-70-32 Complaint Environment with Evolution Considerations	
15:30	[26] Connecting MATLAB, EcosimPro and 20-sim to the Simulation Model Portability Standard
